Configuration and Maintenance of Computer Networks

In 2012 I worked several times together with a security systems company. Where I was setting and implementing the network.

Currently I set up, maintain and repair networks and servers working as a freelancer.

In 2015 I started doing freelancer work for Ensanis as a graphic designer.

In 2015 I started doing freelancer work for IDD as a graphic designer.

In 2015 I started doing freelancer work for OdontoBairro as a graphic designer.

Computer Repair

I repair the Hardware and fix the Software on computers and servers, since 2005.

In 2015 I started working as a consultant for Ensanis, Idd and Odontobairro. I repair and maintain their computers, server and network.

What software do I use:

A lot. But there is a list of the most used software by me:

Adobe Dreamweaver

Adobe Illustrator

Adobe Photoshop

Adobe Flash

Adobe Fireworks

Adobe InDesign

Adobe Premiere Pro

Adobe After Effects

Adobe Lightroom

Adobe Audition

Final Cut Pro

Apple Motion

Logic Pro X

Microsoft Word, Excel and Powerpoint.

The list goes on and on....

How do I learned this stuff:

I'm very curious and I like to know how things work. I disassembled my first computer back in 1999 just to understand how it was from inside. Consequently, I began studying computers in order be able to fix them when I broke them. Most of the things I do I learned by my-self reading books, online on forums, experimenting, etc.

Where you can see my work:

Online. You can visit my website here - **www.carlosaedo.com**

You can ask for my work.

Give me a call, send me an email, a message on facebook, or send me a pigeon. I will do what I can to find you a solution, and help you with your project or fix your computer.

My background education:

2013 - Nankai University, Tianjin - CHINA

Chinese Basic Course Level I - Done with positive performance.
(Yep I lived in China)

2009 - Anysolutions (2nd course)

I attended the course of advanced webdesign (continuation of earlier) on anysolutions - successfully completed in the area of site management tool JOOMLA and start the PHP programming language.

2009 - Anysolutions (1st course)

I attended the course of webdesign in anysolutions - successfully completed in the following disciplines: Adobe Photoshop, Adobe Illustrator, Adobe Flash and Adobe Dreamweaver.

2005 - 2009 Secondary School Alberto Sampaio

Course of Science and Technology - 12th grade. Positive performance in all subjects.

1998-2004 School EB 2 and 3 Lamações

Basic education

My forms of communication with you:

Portuguese: My main form of communication

English: Advanced

Spanish: Average

Chinese: Very Basic

A little about me (Just a little...):

I work well in group or alone and have no problems with challenges. Under pressure? No problem!

I lived for 10 months in China in Tanjin, so I am open to new cultures and different perspectives.

I love everything that relates to technology and computers, and I have a secret passion about photography...

Not much more to say about me, I love what I do!
